### 3. Permission to Participate

Parents and student athletes should fully understand and appreciate the risks of serious personal injury associated with participation in the educational sports programs provided by the Allegan Public Schools. Participation in school activities involves flying objects, swift movement of bodies, which at times are airborne, and unavoidable collisions.

Athletic activities are hazardous and taking part in such activities is calculated risk-taking on the part of the student athlete and parents. It is also understandable, that to many young adults, the potential benefits of participation exceed the potential hazards. It is also the continuing goal of our coaching and administrative staff that injuries are kept to a minimum.

I have read the above warning statement and understand the risks involved in participation in athletic activities and have discussed these with my son/daughter.

I hereby give my consent for the above student to engage in interscholastic athletics and for the disclosure to the MHSAA of information otherwise protected by FERPA and HIPAA for the purpose of determining eligibility for interscholastic athletics; and I understand the possibility that serious injury may result from participating in athletic activities. He/she has my permission to accompany the team as a member on its out of town trips.

I further understand that my son or daughter will be expected to adhere firmly to all established athletic policies of the school district and the Michigan High School Athletic Association.
